**R50.00 Setup fee per order**

### Branding Option: Laser engraving

Permanently marking the leather cover.

The effect looks similar to Debossing, where the design is sunken into the surface of the material, in a darker shade than the colour. The effect will differ on each colour.

### Laser engraving on your own diary:

- R45.00 per position (R15 per extra position), R50 setup per order.
- Outcome on different types of leather vary.
- We take no responsibility for the outcome on diaries that aren't our own
